P/L [Philip] [Lemaster]

OBJECTIVE

[Extremely motivated individual seeking employment within the software industry. I am currently a self-taught coder but am attending a full stack development program through UNCC to deepen my knowledge and reinforce the fundamentals of programming. I am eager to learn any new software systems and tackle many new challenges. I am creative and able to effectively solve problems and propose solutions. I am a dedicated and fast learner who values taking on new experiences and sharpening my skills.]

SKILLS

[I am proficient in Microsoft suite, HTML, CSS, Git, JavaScript, Bootstrap, Foundation, and jQuery. I have experience with Python, SQL, and Adobe Creative Suite. I have fantastic problem-solving skills, am efficient under pressure and time constraints, and am emotionally intelligent. I am flexible and able to adapt to change easily.]

EXPERIENCE

[08/2018] – [Presemt]
[Medical Assistant] • [Piedmont Plastic Surgery] • [Charlotte, NC]

[Scribed and charted patient visits and pertinent history in an electronic medical records system. Took patient vitals and answered questions regarding treatment. Worked with insurance companies and pharmacies to ensure proper prescription coverage.]

[08/2016] – [05/2019]
[Operating Room Assistant] • [Atrium Health] • [Pineville, NC]

[Performed terminal room sterilization in accordance with OSHA standards, standard precautions, and departmental policy. Assisted with positioning and prepping patients. Transferred and transported patients perioperatively. Cleaned equipment and return it to proper storage areas.]

[01/2018] – [04/2018]
[Inside Sales Rep] • [Red Ventures] • [Fort Mill, SC]

[Was a top sales agent responsible for sale of DirecTV, AT&T, Frontier, and Verizon to inbound customers. Maintained proper compliance while representing brands. Assisted in training fellow colleagues and newly hired associates.]
